

### Excel Zero to SAP Hero:

A Phased Approach to Implementing SAP Treasury

Patti Hocker, Manager, Treasury Operations, TDS Brooke McCullick, Senior Treasury Analyst, TDS

Session ID ASUG82538

# About the Speakers

#### **Patti Hocker**

- Manager, Treasury
   Operations, TDS
- Over 30 years of experience in treasury and banking.
   MBA-Finance, CTP, AAP

#### **Brooke McCullick**

- Senior Treasury Analyst, TDS
- 11 years experience in Treasury

# Key Outcomes/Objectives

- Stop using Excel by creating a effective business case for SAP Treasury.
- 2. Implement treasury modules in phases to eliminate scope creep and stay on budget.
- Structure your project team to enhance knowledge transfer and break down silos.

# Agenda

- Company Overview
- Business Case
- Phased Approach
  - Phase 1
  - Phase 2
- Project Team Alignment
- Lessons Learned
- Questions

**Company Overview** 

(82% owned)

wireless

NYSE: USM

(wholly owned)

broadband, video, and voice

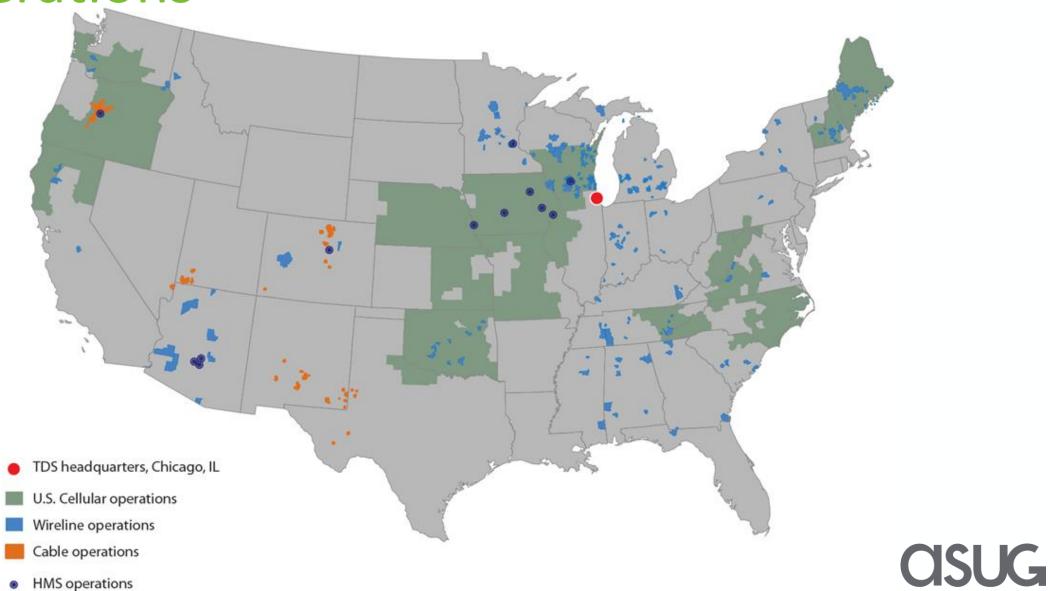

(wholly owned)

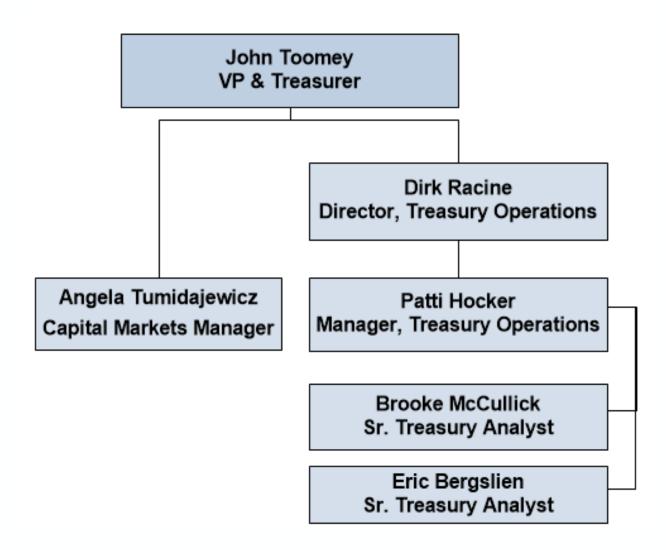

hosted & managed services

Operations

# **Treasury Organization**

# Cash Management Structure

- Legal Entities
- Bank Rationalization
- Investments
- Debt

### **SAP Environment**

- One instance of SAP ECC 6.0
  - Enhancement Pack 7
- SAP Treasury and Risk Management:
  - Transaction Manager
    - Money Market
    - Debt Management
  - SAP Cash & Liquidity Management
    - Cash Management

# **Business Case Strategy**

# Objectives

#### **BEFORE**

- Heavy reliance on Excel
- No integration between SAP & Treasury spreadsheets used to produce financially relevant data
- Limited IT technical support
- Manual amortization schedules and journal entries

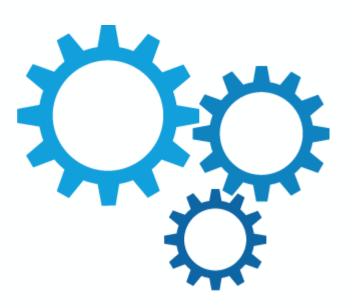

#### **AFTER**

- No reliance on Excel
- SAP & Business Intelligence integration used to produce financially relevant data & reporting
- Full IT technical support
- Automated amortization and journal entries

# **Driving Factors**

- Risk mitigation
- Improve internal controls
- Integration into SAP FI
- Improve operational efficiency
- Refine cash forecasting
- Enhance reporting functionality

### Solution Assessment

- Socialized the treasury strategy internally
- Partnered with IT & stakeholders to identify requirements
- Evaluated several treasury workstations
- Consulted with treasury professionals and associations
- Performed a gap analysis
- Vetted industry-leading consulting firms
- Interviewed SAP Treasury clients

### Recommendation

- Implement SAP Treasury
- External Consulting Firm
- Phased Approach
- Short Durations
- Limited Scope

# Benefits of Phased Approach

- Control scope creep
- Stay on budget
- Achieve milestones on schedule
- Prevent team burnout
- Expedite business case approval
- Retain consistent resources
- Narrow focus for knowledge transfer
- Keep team focused on big picture
- Breathing room to solidify and document daily processes

### Phase I

#### **Cash Management**

- Daily cash position
- Initiate ACH & domestic wire transfers
- Prior and current day BAI files

#### **Short-term & Long-Term Investments**

- Record interest accruals, amortization, coupon payments
- Distribute interest income to subsidiaries
- Utilize Business Objects for management reporting

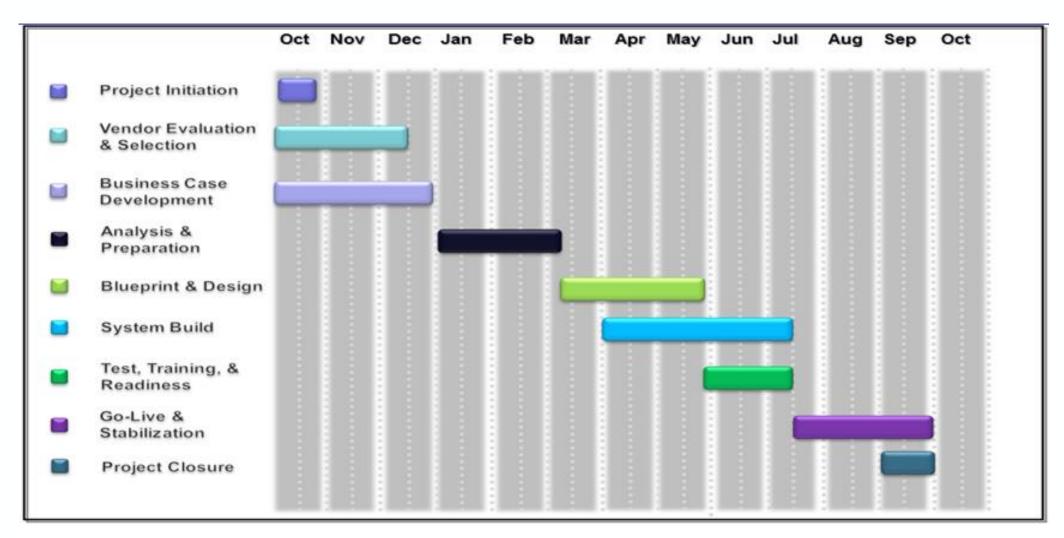

#### **Long-Term Debt**

 Record deferred debt charges, accretion of discount, interest accruals and payments

### Phase I Timeline

### Phase II - Short Term Debt

#### **Inter-Company Lines of Credit**

- Capitalized Interest
- Initiate and record borrowing and repayment of principal
- Record interest payments through inter-company netting

#### **Revolving Credit Agreements & Term Loan**

- Initiate and record borrowing and repayment of principal
- Initiate and record interest and fee payments
- Record accruals for interest and fees

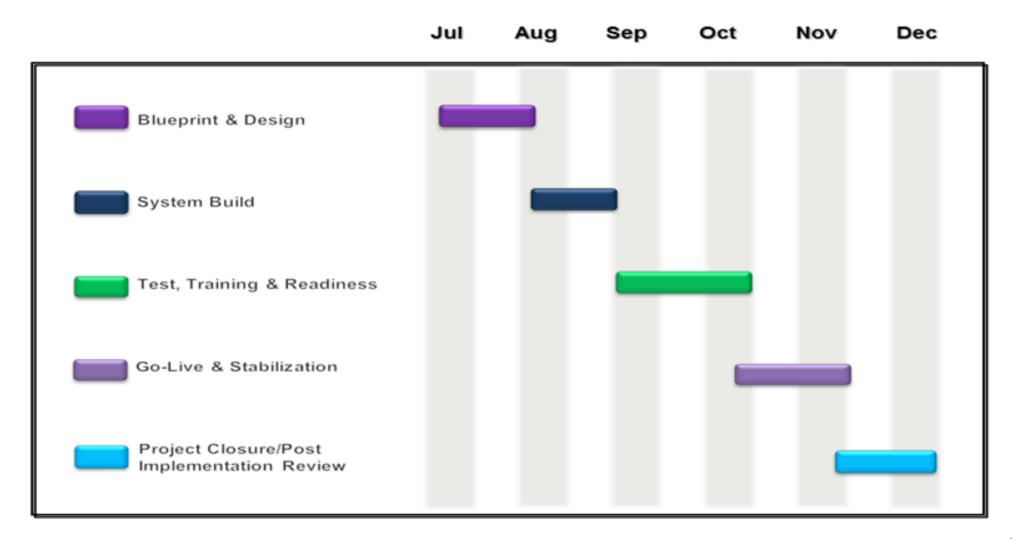

#### **Standby Letters of Credit**

- Initiate and record fee payments
- Record accruals for fees

### Phase II Timeline

# Project Team Alliance

- Cross functional SMEs
- One large work room
- Duration is beginning to end
- Involved in all aspects including UAT
- Reduced functional silos, increased engagement & accelerated learning

### Lessons Learned

- Timing of go-live
- Understand the big picture
- Open, sharing, fun environment
- Ownership and escalation of issues
- Adequate time for knowledge transfer
- Multiple pass & cross-functional testing
- Engage banking partners early and often
- Have a clear understanding of deliverables
- Command center environment
- Don't be afraid to ask for help and challenge the status quo
- Celebrate your success!
