

## Changes in Operations Due to COVID-19

Though week 10 operation levels slipped, averages over time haven't changed, with most organizations (48% on average) operating normally.

## Changes at Home Due to COVID-19

In respondents' own words, the top way their household has changed since COVID-19 is that all adults are now working from home.

All adult household members are working from home

**37%**

All school-aged children in the household are doing schoolwork from home

**17%**

Cooking more meals at home

**12%**

Spending more family time together

**12%**
