ASUG is the world's largest SAP user group. Originally founded by a group of visionary SAP customers in 1991, its mission is to help people and organizations get the most value from their investment in SAP technology. ASUG currently serves thousands of businesses via companywide memberships, connecting more than 130,000 professionals with networking and educational resources to help them master new challenges. Through in-person and virtual events, on-demand digital resources, and ongoing advocacy for its membership, ASUG helps SAP customers make more possible.

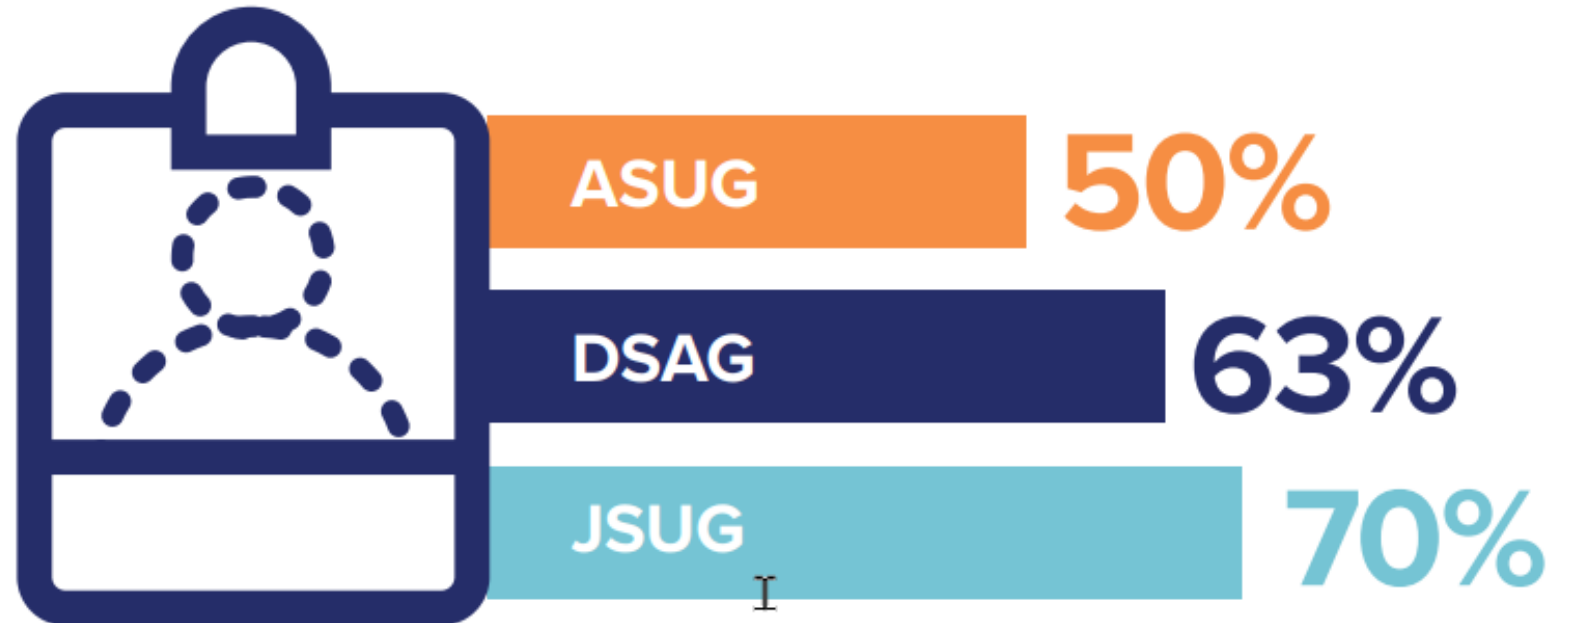

### About the Research

ASUG (Americas' SAP Users' Group), DSAG (Deutschsprachige SAP-Anwendergruppe), and JSUG (Japan SAP Users' Group) worked to uncover workforce, technology, and marketplace changes among SAP customers. This research was fielded in June and July 2022; 492 ASUG, 434 DSAG, and 213 JSUG members participated.
