SAP S/4HANA Project Approval

What to Expect with the SAP S/4HANA Adoption Pathway

Welcome to the SAP S/4HANA Adoption Pathway, designed to help you make the best decisions for your organization as you map your SAP S/4HANA project.

We've curated a collection of content that will guide your organization through 10 key stages. These stages center on building your SAP S/4HANA project plan and getting your business case approved. To help you navigate, we've outlined the key personas that each module is built for and what they can expect to learn. Feel free to follow the path of this content by the roles and personas most relevant to you.

An all-new resource for your SAP S/4HANA journey!

ASUG Member Pathfinder is a collection of curated content and experiences to help lead you and your organization to SAP S/4HANA success.

Learn more by contacting your ASUG customer success manager or by sending an email to memberservices@asug.com.

Stay Connected

ASUG members, **customize your preferences on asug.com** to receive content most relevant to your interests.

Log in to **asug.com**, create your profile, update your preferences, and start making more possible today.

The screenshot shows the ASUG user profile page. The navigation bar includes 'Insights', 'Education', 'Events', 'Connect', a search icon, and a 'US' dropdown. The main heading is 'Profile'. On the left, there are links for 'Edit Profile', 'Preferences', 'Communications', and 'Password'. The 'SAP Products' section has a sub-heading and a description: 'Select the SAP products you're interested in. Adding to or editing these selections will help us suggest the most relevant content for you.' Below this are several buttons for different SAP products, with 'SAP Cloud Platform (SCP)' highlighted in red. The 'Business Functions' section also has a sub-heading and a description: 'Select the business functions you're interested in. Adding to or editing these selections will help us suggest the most relevant content for you.' Below this are buttons for 'Application Lifecycle Management (ALM)', 'Business Intelligence (BI) and Analytics', 'Centers of Excellence (COE)', 'Commerce', and 'Customer Service'.
