

precisely

Change the way you
work with SAP through
automation

Winshuttle is now
part of Precisely,
the leader in data
integrity

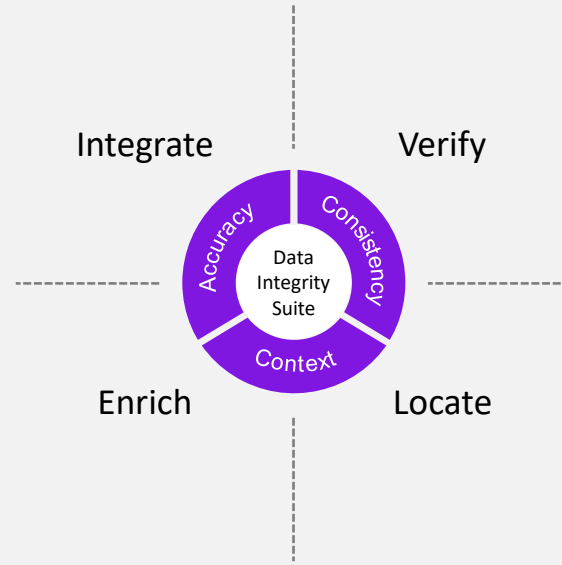

The logo for Precisely features the word "precisely" in a white, lowercase, sans-serif font. The letter "i" has a white dot. The letter "o" is a large, 3D-rendered ring with a dark purple-to-black gradient and a white highlight on its top edge. The letter "p" is a tall, dark purple 3D bar with a white highlight on its left edge. The letters "r", "e", "c", "i", "s", "e", and "l", "y" are in the same white font as the "p". The entire logo is set against a dark purple background with a subtle gradient and a soft shadow on the ground below the letters.

precisely

of the Fortune 100

2,300

employees

The background features several abstract 3D-rendered geometric shapes in various shades of purple and blue. There are spheres, rectangular blocks, and a tall vertical rectangle, all with soft shadows and highlights, creating a sense of depth and movement. The overall aesthetic is modern and minimalist.

Empowering business teams
to make an impact

Tackle process and data together

- Product launches
- Product data management
- Customer onboarding & management
- Vendor onboarding & management
- Asset management
- Financial master data

and more...

Compete and thrive in today's dynamic world

Go faster

Be more agile

Improve the quality of your most important data

Precisely Automate portfolio

Automate Studio

STANDALONE

Exchange data with SAP quickly and easily using Excel

- Data creation and maintenance
- Data migration
- Operational reporting
- Data stewardship

Business users work in Excel

Automate Studio Manager

GOVERNED

Share, manage, & control Precisely across the enterprise

- Basic 2-step workflow

What you can do with Automate Studio

Automate any SAP
business process

Streamline data migration
and conversions

Create operational
reports

Dorman speeds through master data changes

Challenge

- Change subset of materials from 'Manufactured' to 'Kitted'
- Update BoMs and Routings
- Change sales order to reflect non-kitted materials

Results

PER 100 MATERIALS

	Hours	Total Cost	Difference
Manual Processes	60	\$4,500	
Using desktop automation	5	\$375	\$4,125 saved

NEW SINCE 1918 3,000 materials converted
Savings = \$123,750

- Minimal business impact
- Improved data quality

Automate Evolve

The right combination of capabilities to automate data-intensive processes.

management

CUSTOMER STORY:

Energy Drink Company

CHALLENGE

- Slow, manual processes causing product launch bottlenecks
- Lack of visibility into launch project status

SOLUTION

- Digitized three launch processes
- Reduced product launch cycle times by 50-75%
- Increased visibility and improved governance
- Achieved repeatable, predictable processes
