"We don't even know **what SAP S/4HANA means.**"

"We need to understand the benefits of OnPrem or Cloud. I **wish we could talk to someone** who has done this already."

"**We would benefit from meeting someone** in our industry that has done this before or is doing this now, so we can ask them how they did it and what would they do better?"

"It would be wonderful if you could customize a pathway. I **don't want my team to lose time** sifting through information."

"We know we need to migrate, we know the deadline, but **we don't know anything more.**"
