SAP

What is the SAP Enterprise Support Reporting Cockpit?

The SAP Enterprise Support reporting cockpit is an interactive dashboard analyzing and documenting the status of your SAP solution, support services and achievements based on solution monitoring capabilities, product and landscape overview, usage KPIs, consumption of SAP Enterprise Support offerings, support case status and other support relevant metrics.

SAP Enterprise Support reporting cockpit – How to provide feedback

- Your feedback really matters.
  Together, we can improve the user experience for everyone. Share with us what you like and what needs to be improved, and we will channel your feedback to the experts for consideration in future releases. You have also call-back option if you agree to explain to us what you'd like to change or what you additionally need.

- All provided feedbacks will be displayed as average star-rating to all users when clicking on the feedback icon.

- Additionally you can find in the portal how your feedback influences the development plans and the new content of ESRC.

- Please find in the customer blog how easy you can provide feedback using the new feedback option.
