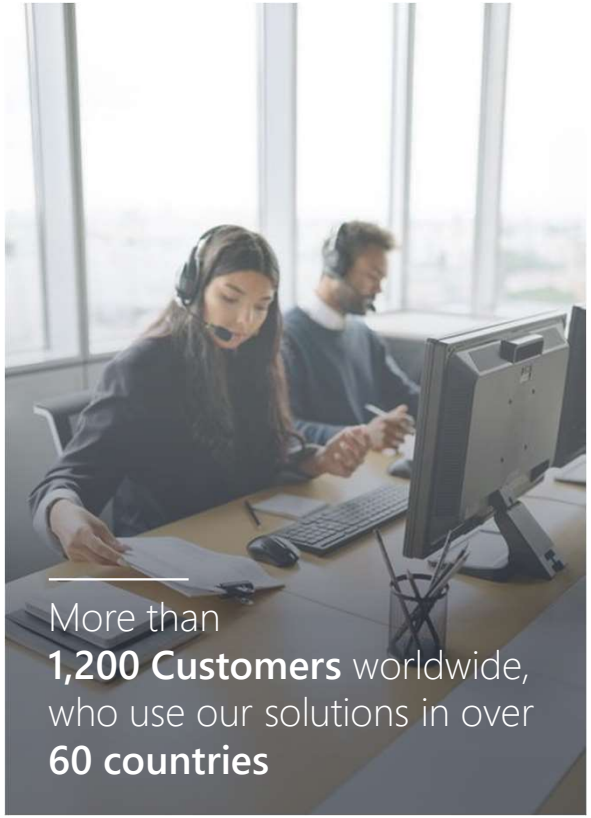
We are Experts for Digitalization
Since 1994.

About xSuite

Worldwide **230 Employees**

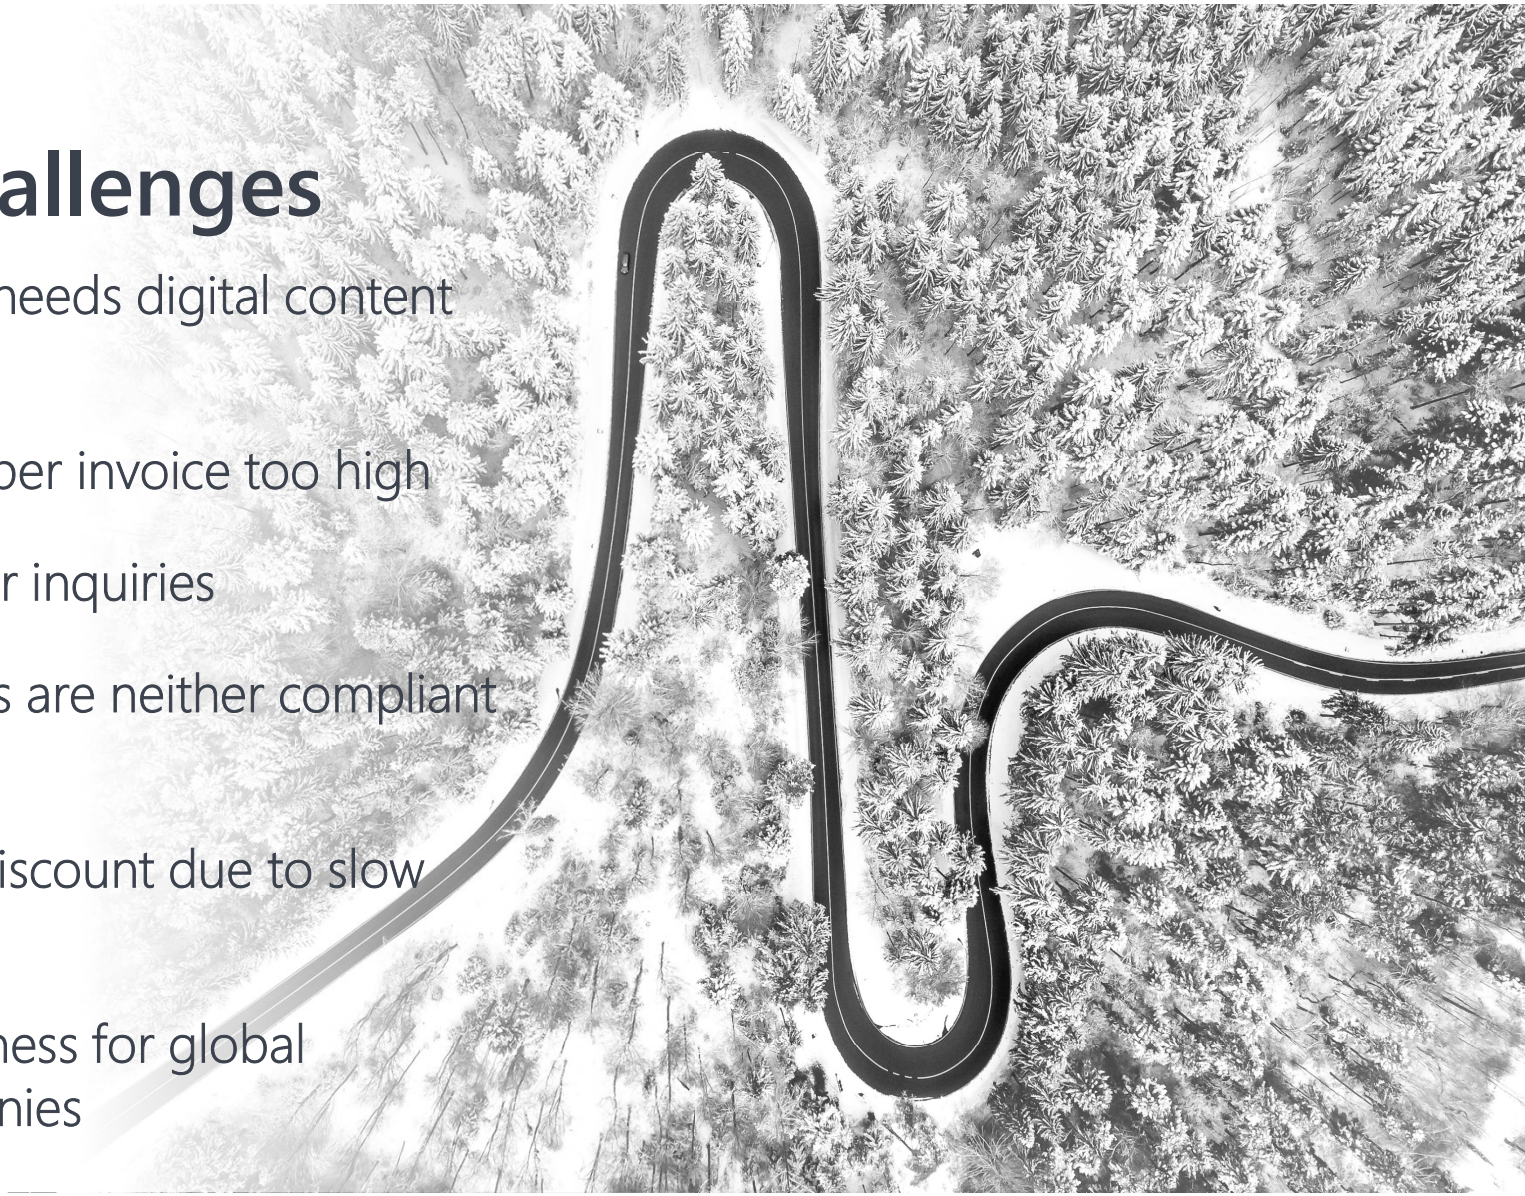
8 Locations worldwide.
Including USA, Germany, Denmark, Netherlands, Slovakia, Spain, and Singapore



More than **1,200 Customers** worldwide, who use our solutions in over **60 countries**

Today’s Challenges

- Remote working needs digital content and processes
- Processing costs per invoice too high
- Too many supplier inquiries
- Current workflows are neither compliant nor documented
- Barely any cash discount due to slow processes
- E-invoicing readiness for global operating companies



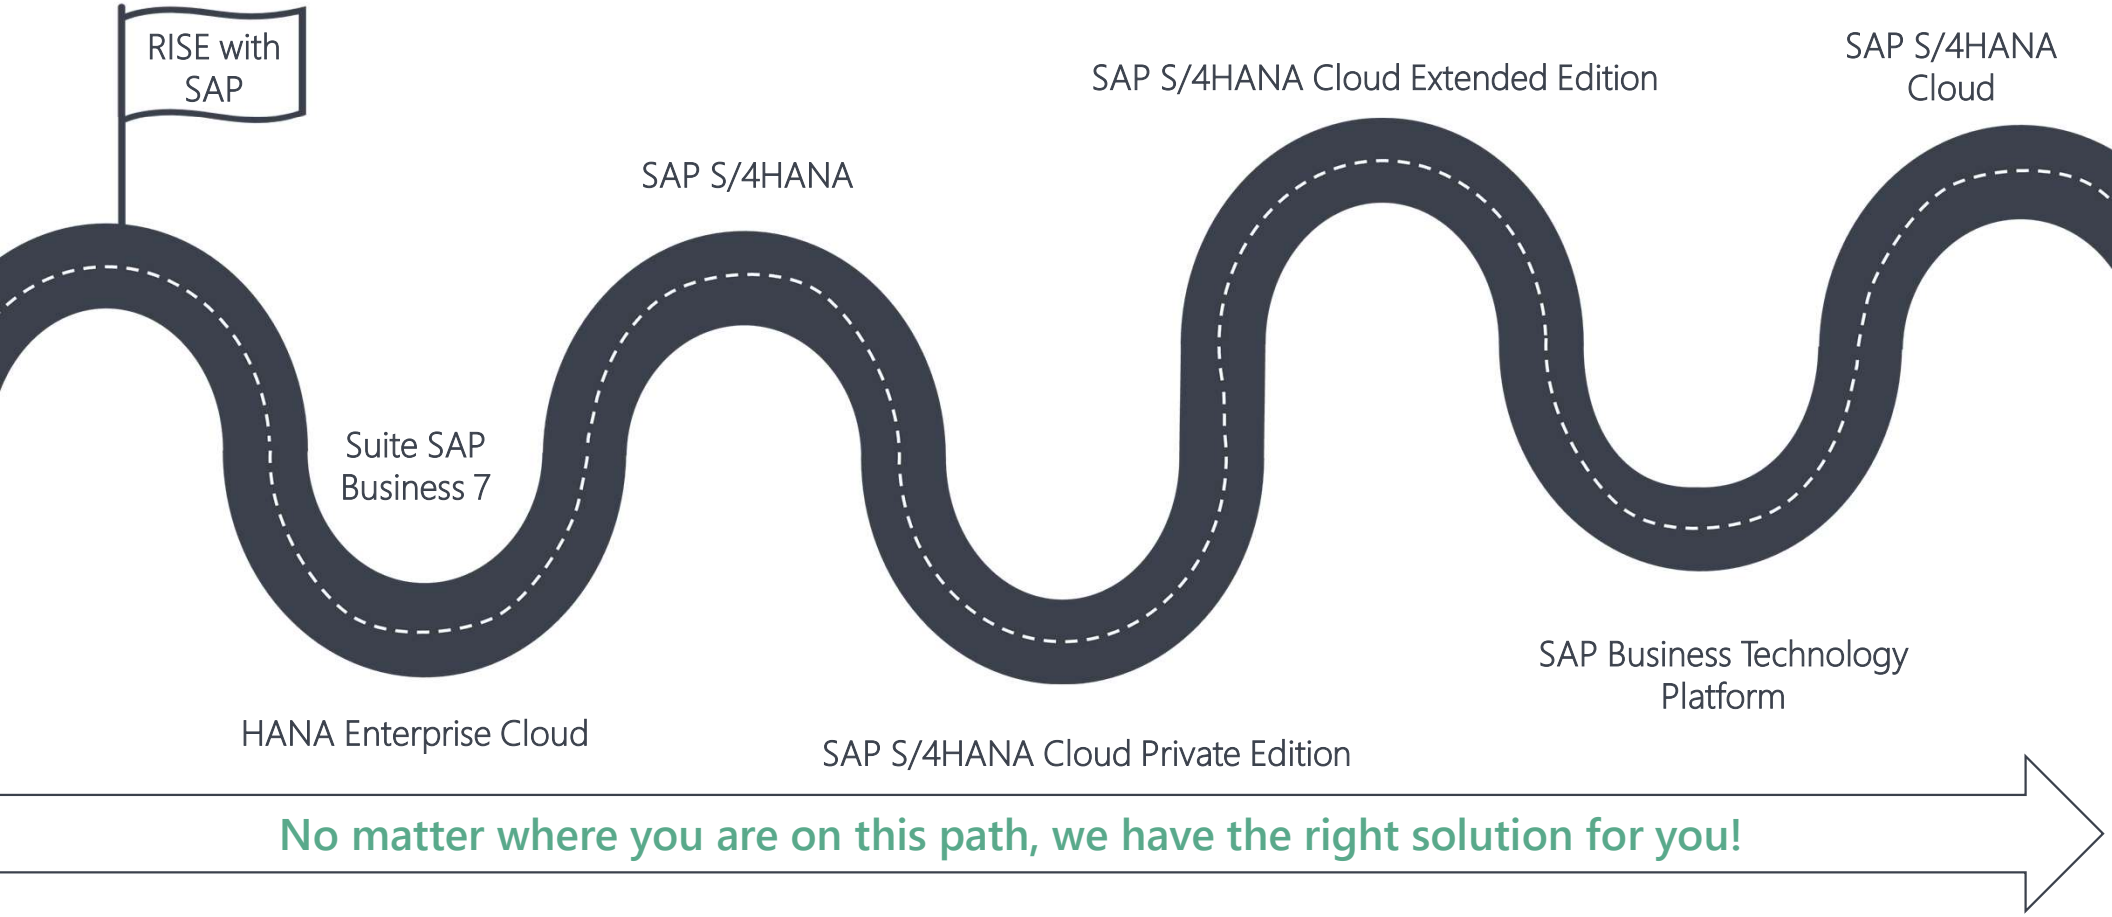
Impacts of xSuite

- Faster, more efficient data entry
- Structured and documented workflows (approval, release,..)
- More transparency end-2-end purchase to pay process
- Digital vendor communication
- Long-term archiving strategy for all ERP related information

Technology is a Game Changer

- Artificial Intelligence can make the difference
- Best practice solutions are saving time and money
- Integration in SAP will drive acceptance
- Cloud can make deployment fast

We take you on your SAP journey



No matter where you are on this path, we have the right solution for you!
