

## Speaker/Sponsor Presentation Portal: August 25

Thank you for agreeing to speak at the upcoming **ASUG Upstate New York Chapter Meeting** on **August 25**. Please review the information below and contact COORDINATOR if you have any questions.

- Your breakout session is scheduled to run for the duration specified in your *Sponsorship Agreement* — please plan your presentation timing accordingly.
- We recommend saving 5-10 minutes for Q&A at the end of your session.
- Your presentation should provide educational content, with no more than four (4) slides allocated for corporate/sales information.
- Final presentations will be reviewed for content to ensure adherence to ASUG guidelines.

Please submit your presentation and supplementary presentation materials below.

|                             |  |
|-----------------------------|--|
| <b>Speaker Contact Name</b> | Steve Schliem  |
| <b>Speaker Company</b>      | Onapsis  |
| <b>Email Address</b>        | steven.schliem@onapsis.com   |
| <b>Phone Number</b>         | 201-835-0922   |
| <b>Speaker Bio</b>          | <p>Currently residing in Northern New Jersey with his wife and 2 sons, Steve grew up in Delaware, Michigan, Texas, and Arizona. After graduating from University, Steve lived in Europe for several years before coming back home to start a career in technology sales and project management. Throughout his career, Steve has been fortunate to have worked with some very interesting technology companies such as ADP, Teradata, MuleSoft, Copado SAP and now Onapsis.</p> <p>Outside of work, Steve and his wife are very active volunteers in the community as a coach, career mentor, school participation, and whatever</p> |

help is needed.

Fun

fact about Steve is that after reading the Phoenix Project in 2021, Steven

failed the Certified Scum Master exam.

In 2022, Steve did complete and pass his first Python class.

Steve probably does not have a future career as a Developer or Scrum Master.

### **Speaker Headshot**

### **Presentation Title**

SAP Cyber Security and How The SAP Threat Landscape Is Transforming in 2022
