SAP

From Chaos to Control Governance That Enables Change

With SAP Business Transformation Suite

Why companies transform

Internal driven

Break growth barriers

Market driven
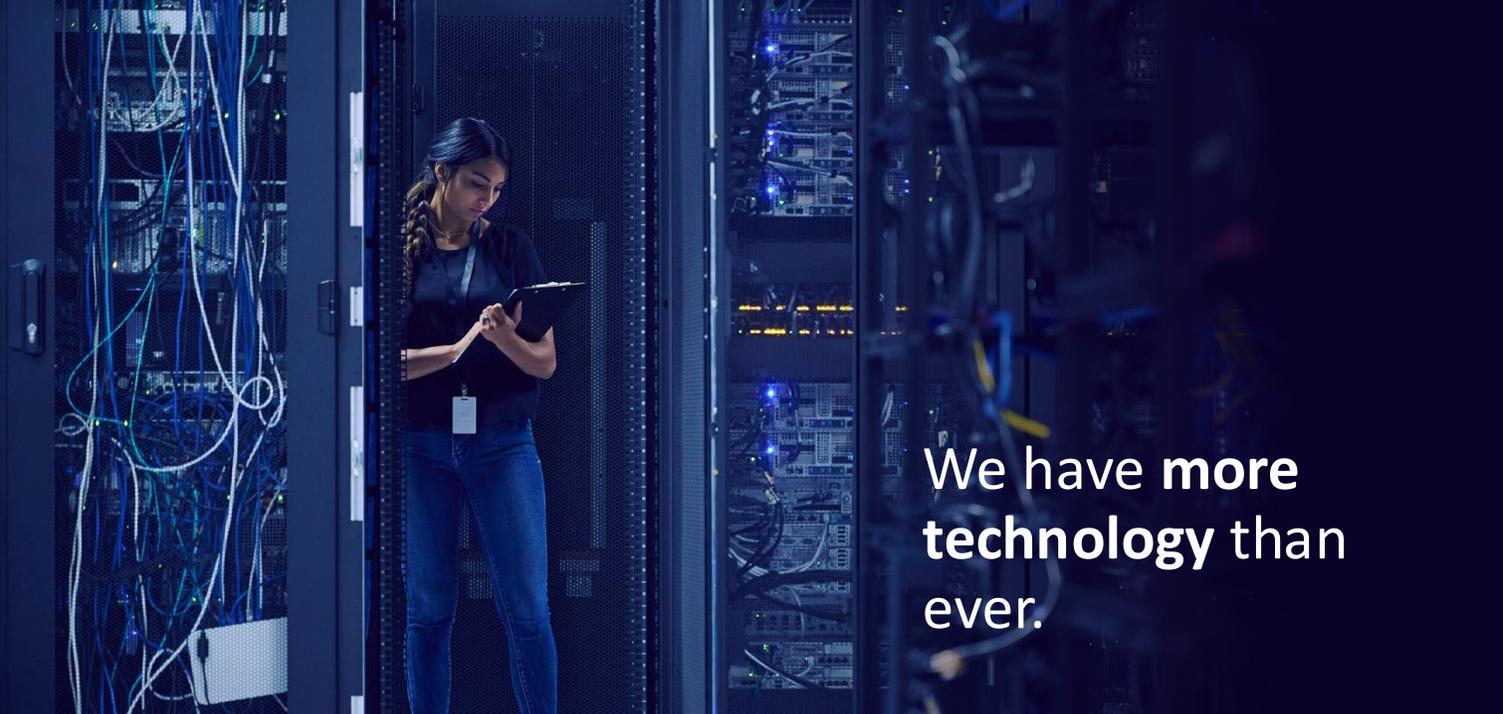

Be ready, always

Tech driven

Stay ahead of the technology curve

In 2025
companies will invest

$5.26 trillion*

in digital transformation

We have **more technology** than ever.

That technology is **more powerful** than ever.

Yet…

Only 6%

of organizations are future-built*

What's standing in the way
Transformation debt compounds over time

Rate of
innovation

Realized
value

**Transformation
debt**

Transformation
is a capability

A transformation capability delivers   **growth**, **productivity** **&** **adaptivity**
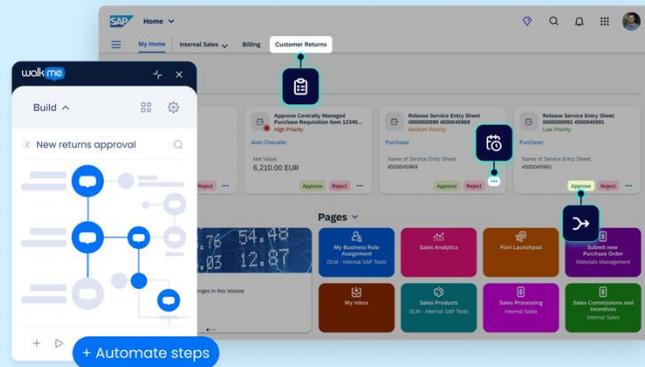

People

Transformation capability:

The new operating model for transformation

SAP business transformation solutions

Business Strategy
IT Transformation starts with the question: Where do we want to be?

	AS-IS	TO-BE	EVOLVE & TRANSFORM	ADOPT & RUN
	Where are we at the moment and how are we doing?	How do we want to work in the future	Create the landscape to support our future operating model	Let's roll it out and ensure we live it!
